MADE TO MEASURE

Dear Customers,

It is with great pleasure that we can introduce to you an update of our ladies range.

As we strengthen our position on the MTM market with men's tailoring, we discover much interest from ladies as well.

More and more ladies look for unique, well tailored, classically made garments - women right across the corporate structure, as well as fashion projects or simply customers looking for something special to wear.

.....

# LADIES COLLECTION

.....

All together it promises to be an exciting potential for our future business.

We have spent many months refining the blocks and the styles to ensure the very best in terms of fashion and fit and we believe this exciting development offers a unique opportunity for our customers to broaden their client base.

All benefiting from the same levels of quality, reliability and flexibility that you have become accustomed to with all of the garments we offer.

We hope this booklet gives you some inspiration to help see the potential of this range along with our dedicated bunch of fabrics, selected specifically for the ladies market, and our styling guides - all of which is included in our starting package.

We would welcome the opportunity to discuss with you that and help with inspiration and potential orders.

Best Regards
